

Proposal to be sent to all HOD's/Directors, MDU

To

All Heads of Departments/ Directors

Subject: Free Software Training for students through Spoken Tutorial Project - IIT Bombay under National Mission on Education through ICT (NMEICT) from MHRD, Govt. of India.

Maharshi Dayanand University, Rohtak has tied-up with **Spoken Tutorial Project - IIT Bombay under National Mission on Education through ICT (NMEICT) from MHRD, Govt. of India** as a Knowledge Partner. Maharshi Dayanand University announces availability of FREE Software Training through distance learning mode. Training is provided by self-learning Audio-Video method, Spoken Tutorials, IIT Bombay.

As a first step, each University Department should nominate a Faculty member as Coordinator and send the details of the same to the chief coordinator at the University and Spoken Tutorial Training coordinator as mentioned below.

- The nominated faculty coordinator should register as an organiser in Spoken Tutorial website and will directly contact IIT Bombay resource person.

Chief Coordinator from MDU	Coordinator from Spoken Tutorial Project-IIT Bombay
Prof. Rajender Singh Chhillar, Chief Coordinator-MDU Spoken Tutorial Project- IIT Bombay Email: chhillar02@gmail.com Mobile: 09416277507, 01262-393204	Ms. Kusum Lata Verma Executive Officer-Training Spoken Tutorial Project-IIT Bombay Email: Mobile: 09769576123

Software like Linux, Scilab, Python, PHP & MySQL, C, C++, Java and many more can be learnt using this tool. It will be a good value addition to the existing teaching and training of students in IT skills. The complete list of softwares is attached which also suggests which Software is suited for which course.

The convenient way to organise the training is to use 2-3 of the lab hours as per existing timetable. The students can get initial exposure to the Spoken Tutorials and continue revision and practice in their own time. Certificates from Spoken Tutorial, IIT Bombay will also be provided after the training. The day to day guidance will be provided to each Department by the team at IIT Bombay.

All the Departments should introduce this training programme through their existing computer labs. The Departments not having their own computer labs may use computer centre/Library lab or lab of any other nearby Department. This training programme and all the softwares under this Spoken Tutorial Project (as per list attached) are free of cost. This Software Training through distance learning mode project will be very useful for the Departments and will help the students in getting jobs, learning advanced IT skills and improving their exam performance.
