Dear Sudhir Rajpal

I would like to invite you to a **webinar** with educational technology specialist and Epigeum Co-Founder Dr David Lefevre to introduce you to **University Leadership and Management**. This online programme covers the broad topics common to a management syllabus, but with a specific focus on the challenges faced by leaders, and aspiring leaders, within universities.

Subjects included in the programme include organisational change, working with university cultures, team management, 'managing up', strategic planning and resource management.

Devised by leading international experts from 20 universities worldwide this programme of six online courses will support the personal development of those in leadership roles. By completing these courses staff will develop the skills they need to embrace the opportunities and deal with the demands presented by today's complex educational environment.

This 45 minute webinar will take place on **Friday 11th December at 1.00pm GMT** and will include:

- Background to Epigeum and how we develop our courses
- Overview of the **University Leadership and Management** programme
- Demonstration of **University Leadership and Management**
- Benefits of using the programme at your institution
- Q & A

Please sign up [here](#) if you would like to participate, and I very much hope you are able to join us.

Best wishes,

Wendy Harbottle  
Head of Academic Partnerships
