Total Number of Seats 03

Earlier the joint supervision of Dr. Mahesh Kulharia was approved by BOS in view of the interdisciplinary nature of the work but as per the direction of R&S branch i.e. as per the Clause 7 of Ph. D ordinance a total of 04 seats have been allotted to Assistant Professors of University Teaching Departments and as per the Clause 4.7 (b) and Clause 6 (i) of same ordinance "a maximum of two candidates can be considered under joint supervision at a time in view of the interdisciplinary nature of work".

Hence, keeping in view of Ph.D ordinance and request of Dr. Anurag Khatkar, the Board of Studies approved the change of supervisor as above and recommended the case to Academic Council for further consideration and approval.

The BOS deliberated over the above issue and suggested that the joint supervision should not be restricted to two candidates at a time. It may be allowed for more than two candidates at a time keeping in view of interdisciplinary nature of the work, which will promote the research activities of the University Teachers and Researchers who wish to explore the areas of research where there is no facility or expertise is available in the department. However, the half seat benefit may be given to two candidates at one time as per the existing ordinance to limit the number of candidates to be registered at a time.

6. Any other item, with the approval of the Chair. None

The meeting ended with a vote of thanks to the Chair.

Total Number of Seats 03

Earlier the joint supervision of Dr. Mahesh Kulharia was approved by BOS in view of the interdisciplinary nature of the work but as per the direction of R&S branch i.e. as per the Clause 7 of Ph. D ordinance a total of 04 seats have been allotted to Assistant Professors of University Teaching Departments and as per the Clause 4.7 (b) and Clause 6 (i) of same ordinance "a maximum of two candidates can be considered under joint supervision at a time in view of the interdisciplinary nature of work".

Hence, keeping in view of Ph.D ordinance and request of Dr. Anurag Khatkar, the Board of Studies approved the change of supervisor as above and recommended the case to Academic Council for further consideration and approval. The BOS deliberated over the above issue and suggested that the joint supervision should not be restricted to two candidates at a time. It may be allowed for more than two candidates at a time keeping in view of interdisciplinary nature of the work, which will promote the research activities of the University Teachers and Researchers who wish to explore the areas of research where there is no facility or expertise is available in the department. However, the half seat benefit may be given to two candidates at one time as per the existing ordinance to limit the number of candidates to be registered at a time.

6. Any other item, with the approval of the Chair. None

The meeting ended with a vote of thanks to the Chair.
