

About the Institute:

The University Institute of Engineering & Technology (UIET), M.D University Rohtak was established in the year 2005 with the aim of providing quality technical education in the emerging fields of Engineering & Technology. U.I.E.T has become a preferred destination for engineering education/research aspirants because of its good infrastructural/lab facilities. The new building of UIET is having all the modern teaching aids and facilities for students and teachers for improving their academics and research potential.

Maharshi Dayanand University came into existence by an act of the Haryana Legislative Assembly in 1976 with the objective to promote inter-disciplinary higher education and research in the fields of environmental, ecological and life sciences. The University is located at Rohtak in the state of Haryana - about 75 kms from Delhi on Delhi-Hisar National Highway (NH-10). It is well connected both by rail as well as road. The University campus is spread over an area of over 665.44 acres. Educational and research programmes are offered through its 38 departments. There are as many as 10 Teaching Blocks, 20 Hostels, an elegant Vivekananda Library with 6 off-shoots, the majestic Tagore Auditorium equipped with modern gadgetry and amenities. About 600 residential units are available for the faculty members and non-teaching staff. Over 500 Institutions/Colleges of general education, Engineering, Technology, Computer Sciences and Management Sciences are affiliated to the university.

TEQIP-II Sponsored
National Conference on Recent Developments
in Mechanical Engineering
(NCRDME-2015)
November 20-21, 2015

Organized By:

Department of Mechanical Engineering
University Institute of Engineering and Technology

MAHARSHI DAYANAND UNIVERSITY
(NAAC Accredited- A Grade)
ROHTAK (HARYANA) – 124001
INDIA

Website:-www.mdurohtak.ac.in, www.uietmdu.com

The Institute is also selected for the TEQIP-II grant of the World Bank Project under sub component 1.1. The Technical Education Quality Improvement Program (TEQIP) aims to upscale and support ongoing efforts of Government of India for improving the quality of technical education and enhancing the existing capacities of the institutions to become dynamic, demand driven, quality conscious, efficient and forward looking, responsive to rapid economic and technological developments occurring both at National and International levels.

Conference objective: National Conference on recent development in Mechanical Engineering aims to bring together the experts from academic institutions, industries, leading engineers & scholars to exchange & share their experiences & research results about all aspects of Mechanical Engineering. The Conference aims to facilitate close interaction for exchange of views & dissemination of knowledge and discuss the practical challenges encountered and the solutions adopted in the specified area

Thrust Areas of Conference
(But not limited to)

- ❖ Design and Analysis
- ❖ Thermal engineering
- ❖ Automation
- ❖ Materials
- ❖ Production & Industrial Engg.
- ❖ Quality Control
- ❖ Nanotechnology and Nano composites
- ❖ Renewable Energy
- ❖ Instrumentation & Control
- ❖ Biomechanics
- ❖ Advance Computing Techniques
- ❖ Intelligent Algorithms

All other fields related to Mechanical Engineering.

Call for papers

- The contributors can send the extended abstract for oral presentation from 400 to 500 words on relevant theme of the conference.
- The contributors can send the extended abstract as an email attachment on ncrdme@gmail.com
- The text must include title of extended abstract with name of authors and their full affiliation

Registration Fee

	Before Due Date	After Due Date / on spot registration
Participants from Corporate/Industry /Academia and R&D institutes	Rs. 1000/-	Rs. 1500/-
