FOREWORD

I am glad that Calendar Volume-III containing Rules, Regulations and Ordinances incorporating amendments upto 27.6.2013 is being brought out.

The University has taken long strides over the last 37 years transforming itself from a residential University with only 11 colleges at the time of its inception into an academic behemoth with over 500 colleges and institutes already affiliated with it. As of now, the University offers 84 undergraduate and postgraduate courses in 39 disciplines and permits pursuit of research in as many areas.

The expansion of the University at such a massive scale since its inception has indeed made it imperative for its administration to amalgamate and codify its own rules and regulations in all important areas and then to publish them in a single volume for convenience of users.

We are sure that the publication of Volume-III of the Calendar will be of immense help to the faculty and administrative staff of the University, affiliated colleges and other stakeholders to acquaint them fully with rules, regulations, Ordinances, etc. contained in the Volume.

The Registrar and all others connected with this important task deserve all appreciation for their hard work in preparation and compilation of this volume.

Vice-Chancellor

FOREWORD

This University Calendar Volume III in your hands is the updated version of the one previously published more than a year back incorporating the latest rules and regulations. That edition was modified and another document christened as University Accounts Code was published by separating the appropriate contents that needed to be given place in the new one by moving out of this. I do fervently remember how tirelessly and ardently our zealous personnel worked to give final shape to this massive document, which is obviously a very important one for accomplishing day to day activities and for consultations as a rule book.

As you all are well acquainted with the fact that the University is governed by the rules and regulations which have been institutionalized in a formal manner and framed over a long passage of time in the manner that these may take an impeccable black and white shape. Though interpretations of various clauses or virtually any statement depend on the interpreters yet the University has made every effort to keep the provisos completely translucent leaving little scope for titling of the rules and thereby binding virtually every single act in a constructive frame. The norms and values have been incorporated in the present updated and revised edition in an ideal and comprehensible manner. It obviously acts as a handbook for all the University officials to be guided by it in taking every step in the ultimate interest of the Institution percolating to our studentship.

Our Academic branch and Press have done a tremendous job in preparation of this document. I distinguish and appreciate the efforts undertaken by them in this regard. While all efforts have been made to ensure that no error finds place in this; nevertheless in case any slip-up is noticed or brought to the notice by any well-wisher the same shall be instantly set right.

* The API for joint publications will have to be calculated in the following manner. Of the total score for the relevant category of publication by the concerned teacher the First/Principal author and the corresponding author/supervisor/mentor of the teacher would share equally 60% of the total points and the remaining 40% would be shared equally by the other authors. For example, if the total score for a publication is 10 (say), then the First/Principal author, the corresponding author, supervisor, co-supervisor and mentor would get 6 points each and the other authors would get 4 points each.

** API Score for III E (ii) will be claimed solely by the author who participated and presented the paper (oral/poster). However, if a paper presented in Conference / Seminar is published in the form of Proceedings, the points would accrue for the publication (III) (a) and not under presentation III (e) (ii).

Note: *Date of publication of research paper will be 1st January in case Journals published annually, 1st day of the half year in case of Journals published half yearly, 1st day of the quarter in case of Journals published quarterly, 1st day of the month in case of Journals published monthly and likewise.*

EXPLANATORY NOTE FOR TABLES II (A) AND II (B)

1. All Universities / Colleges will set up verifiable systems for the API related information required in these tables within THREE months of notification of these regulations. They will have to be documented and collated annually by the Internal Quality Assessment Cells (IQACs) of the Universities/ Colleges for follow up by the Universities / Colleges authorities in order to facilitate this process. All teachers shall submit the duly filled-in Performance Based Appraisal System (PBAS) proforma to the IQAC annually.
2. However, in order to remedy the difficulties of collecting retrospective information and to facilitate implementation of these regulations from 31.12.2008 in the CAS promotion the API based PBAS will be progressively and prospectively rolled out.
3. Accordingly, the PBAS based on the API scores of categories I and II as mentioned in these tables is to be implemented for one year, initially based on the existing systems in Universities / Colleges for one year only with the minimum average scores as depicted in Table II (A) and (B) in rows I to III. This annualized API scores can then be compounded progressively as and when the teacher becomes eligible for CAS promotion to the next cadre. Thus, if a teacher is considered for CAS promotion in 2011, one year API scores for 2010-11 alone will be required for assessment. In case of a teacher being considered for CAS promotion in 2012, two years average of API scores for these categories will be required for assessment and so on leading progressively for the complete assessment period.
4. As shown in Table II, the aggregate minimum API score required (given in row III) can be earned from any of the two broad categories, subject to the minimum prescribed in each category. This will provide for due weightage to teachers who contribute additionally through any of the components given in Categories I and II also for the differing nature of contributions possible in different institutional settings.
5. For Category III (research and academic contributions) maintenance of past record is done on a normal basis by teachers and hence no difficulty is envisaged in applying the API scores for this category for the entire assessment period. In this category an aggregate minimum

score is required for promotion over each stage. Alternatively, a teacher should acquire the required minimum aggregate score over two previous stages, taken together. In the case of promotion to Professor the publication requirement shall be met over the two previous stages.

6. Candidates should offer themselves for assessment for promotion, if they fulfill the minimum API scores indicated in Tables I and Ii, by submitting an application and the required proforma. They can do so three months before the due date if they consider themselves eligible. Candidates who do not consider themselves eligible can also apply at a later date.
7. If, however, on final assessment, candidates do not either fulfill the minimum criteria under Rows III and IV of Tables II (A) and II (B) or obtain less than 50% in the expert assessment, they will be reassessed only after a minimum period of one year.
8.
 - (a) If a candidate applies for promotion on completion of the minimum eligibility period and is successful, the date of promotion will be deemed to be the minimum period of eligibility.
 - (b) If, however, the candidate finds that he/she fulfils the eligibility conditions at a late date and applies on that date and is successful, his/her promotion will be deemed to be from the date of application.
 - (c) If the candidate does not succeed in the first assessment but succeeds in an eventual assessment, his/her promotion will be deemed to be from the later date.
