Objectives of the Workshop

In this modern era, the importance of the subject Statistics has been felt in most of the streams related to Sciences, Social Sciences and Engineering due to its wide applications in research through statistical software's. Also, we have new application areas of statistics and established techniques are being applied in new ways and in emerging fields. The value of statistics is strong because they can serve as predictions as well as probabilities in certain trends. Most of the research methods use statistics to record their results, especially when it comes to experiments in the fields of science.

Hence, the Department of Statistics M.D. University, Rohtak, plans to organize a three day National Level Workshop on the topic “**Sample Surveys and Data Analysis**” during the period June 13-15, 2016. The main concentration during this workshop will be on the uses and applications of software-SPSS, MINITAB and R. Besides, some sampling techniques will also be discussed by experts of the subject Statistics. The programme of the workshop will include invited lecturers and practices of data analysis using software.

Participants

The participants can be research scholars, students and faculty members of Indian Academic Institutions/ Universities. However, preference will be given to the students and research scholars of our department.

Registration

There are total 30 seats and therefore, participants are encouraged to pre register to secure a guaranteed place at the workshop. The registration form which can be downloaded from our university website: www.mdurohtak.ac.in and from the IARS website: www.iars.co.in may be sent on or before 8th June 2016 by email to the organizing secretary. On hearing, the selected participants have to submit a nominal registration fee of Rs. 500/- in cash to the organizing secretary on or before June 13, 2016. For any query related to the workshop, the organizing secretary Prof. S.C. Malik may be contacted either through Email: sc_malik@rediffmail.com or by Mobile: 09813104668.

Accommodation

The organizers of the workshop will make the arrangement for the accommodation to the participants in the University TRANSIT Hostel on request. However, the arrangement for accommodation in the university faculty house will be made on request for which the tariffs have to be borne by the participants.

Hospitality

The participants will be provided Tea (morning & evening) and Lunch only.

Venue

The workshop will be organized in the conference hall/computer lab of the Department of Statistics, M.D. University, Rohtak.
