*Respected Shri Khattarji*

I am happy to share with you that 1st National Teachers Congress (NTC) is being organized on September 23, 24 & 25, 2016 in Pune, Maharashtra. This has been initiated with active support of Government of Maharashtra, with myself taking keen interest due to the impact it can have on teaching fraternity and society at large.

The National Teachers' Congress (NTC) has been conceptualized to inspire the teaching community of under-graduate and post-graduate colleges from across the nation. For the very first time in the country, 8000 teachers from all parts of India, will gather at one platform and will be exposed to extensive deliberations and dialogue of 3 days.

We aim to re-ignite the spirit of Teachers so that they continue to look beyond the commercial temptations. We will reinstate their vital role in building India's future and will encourage them to participate in laying the vision for future educational reforms.

In the spirit of neutrality of the platform and apolitical intent and nature of this endeavor, it is my sincere appeal to you to encourage spirited teachers from your state to take benefit from participation at the Congress. I am sure that will lead to their own intellectual enrichment and personality development.

For further information or clarification the Founder & Chief Convener of the platform, Shri. Rahul V. Karad can be directly contacted on 9881721353, 8888815421/22/24/25 and on email [info@nationalteacherscongress.com](mailto:info@nationalteacherscongress.com). With warm regards,

Yours Sincerely,

  
( Devendra Fadnavis )

Subject: Regarding 1st 3- Day National Teachers Congress (NTC), being organized on September 23, 24 & 25, 2016 at MAEER's MIT campus, Pune, Maharashtra

Dear Shri. Manohar Lal Khattar ji,

In reference to the subject captioned above, Hon'ble Chief Minister of Maharashtra, Shri. Devendra Fadnis, vide above mentioned letter of appeal addressed to you, has drawn your kind attention to 1st National Teachers Congress (NTC) on September 23, 24 & 25, 2016 at MAEER's MIT campus, Pune, Maharashtra. He has also explained and highlighted the scale, magnitude and great purpose behind organizing this academic endeavor.

Though it is categorically asserted in his letter that the said 'Congress' is apolitical in nature, we would like to further reiterate, the platform of National Teachers' Congress is guided by the only objective to inspire over 8,000 teachers of Higher Education every year (under-graduate and post-graduate colleges), from across the nation, through extensive deliberations and dialogue of 3 days. We aim to ignite the spirit of teaching fraternity, cutting across regions religions, caste, creed and gender. We wish to re-affirm and re-define their importance as well as the values and ideals needed for building a modern India.

We would like to suggest subsequent steps that you may like to take to confirm participation of teachers from your state and reap the benefit.

Founder & Chief Convenor  
**Rahul Vishwanath Karad**  
Vice President,  
MAEER's MIT Group of Institutions  
Chief Initiator & Dean, MIT-SOG

**Rahul Vishwanath Karad** is an enterprising young educationist in the forefront of the 68 Institutes strong MAEER's MIT Group of Institutions, Pune with over 55,000 students under its fold. A graduate in engineering and a post graduate in management from Cardiff U.K, Rahul, 40, is an alumnus of the Harvard Business School, U.S.A.

Rahul is advancing the inherited vision and mission of his visionary academician father Prof. Dr. Vishwanath Karad, Founder MIT Group of Institutions, with a fearless passion and deep rooted patriotic content in his heart. He holds a firm conviction in channelizing the power of youth to augment their active participation in our pluralistic democracy. His true nationalistic consciousness keeps finding expressions through numerous activities that he initiates and infuses a renewed sense of pride and patriotism amongst the young budding minds.

Addressing his burning desire in contribution to Nation Building prompted him to tread a new path reflecting in the shape of MIT School of Government. With his energized focus and genuine involvement, the School is honing and nurturing the next generation of Indian Political Leaders and his efforts are appreciated, placed and valued in the national context. The school being the first of its kind in Asia has attained success in the process of activity and has increased manifold in stature and prestige by its concentrated efforts of strengthening the fabric of Indian Democratic Leadership.

He firmly believes, involvement of youth in a wide variety of social, national and international issues will be a key determinant of our success and excellence. To do so, and for the composite development of youth, it is essential that they be well-exposed, informed, enlightened, connected and spirited. To achieve this goal, a purposeful platform like "INDIAN STUDENT PARLIAMENT" (BHARATIYA CHHATRA SANSAD) is founded by him. Potentially and objectively, this platform is also a breeding ground for the youth to assume various leadership roles in order to strengthen the very essence of democracy.
