Notification of screening report in the University website for inviting objections if any	First week of September of every academic year (Objections received after 30 th September will not be entertained).

 [Handwritten signatures and dates: 26/6/17]

A meeting of the Committee constituted by the Vice-Chancellor to consider institution of awards for best Ph.D. Thesis in Science Faculties was held on 21-04-2008 in the office of Dean Academic affairs. Following members were present:

1. Prof. Surinder Kumar
Dean Academic Affairs Convenor
2. Prof. A. K. Madan
Dean, Faculty of Pharm. Sci. Member
3. Prof. S. P. Khatkar
Dean, Faculty of Engg. & Tech. Member

The committee deliberated various issues involved in the institution of suitable awards to those research scholars who had done excellent research work in partial fulfillment for the Degree of Ph.D. The committee unanimously opined that such a step will encourage research scholars to undertake in high quality research as evidenced by publications in reputed Journals with high Impact Factor. However, in order to maintain foolproof system and to ensure complete transparency, the committee recommends the following:

1. Dean academic affairs will invite proposals every academic year from various Teaching Departments of the University for consideration of the said award (s).
2. Heads of the Departments will recommend the names of suitable research scholars through the Dean of the Faculty. Names of only those research scholars who have published research papers in reputed International/National Journals with high Impact Factor will be considered. Latest Impact Factor of each Journal in which papers have been published should be specified in the proposal(s) along with the documentary proof thereof.
3. Only those research papers which have been appended along with the Ph.D. thesis shall be considered for the said award.
4. Every candidate whose cumulative Impact Factor of various research papers appended along with the Ph.D. thesis is atleast 5.0 will be given a certificate along with a cash award of Rs. 5100/-.
5. A candidate having the highest Impact Factor (of at least 5.0) in the entire University should be considered for the gold medal along with a cash award of Rs. 11000/-. Similarly a candidate having second highest Impact Factor (of at least 5.0) in the entire University should be considered for the silver medal in addition to the cash award of Rs. 5100/-.

The Committee also examined the proposals from Head, Deptt. of Pharm. Sci., for suitable awards to Mr. Harish Dureja (who have appended 9 research papers in International Journals with cumulative Impact Factor of more than 11.615) and Mrs. Seema Mendiratta (who has appended 6 research papers in International Journals with

cumulative Impact Factor of 8.765). The committee recommends award of Gold medal to Mr. Harish Dureja (for having nine publications with a cumulative Impact Factor of more than 11.517) along with a cash award or Rs. 11000/- and Silver medal to Mrs. Seema Mendiratta (for having six publications with cumulative Impact Factor of 8.765) along with a cash prize of Rs. 5100/- provided no other candidate in the University has got publications with a cumulative Impact Factor higher than 8.765 during the academic session 2007-2008.

(Prof. Surinder Kumar)

(Prof. A. K. Madan)

(Prof. S. P. Khatkar)
