## INVITATION

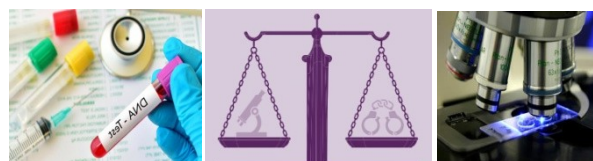

*We cordially invite you to participate and grace the occasion of inaugural ceremony of*

### *One Day National Seminar*

On

## CURRENT SCENARIO IN FORENSIC INVESTIGATIVE TECHNIQUES

(Saturday 26<sup>th</sup> August 2017)

*Organized by*

Department of Genetics  
Maharshi Dayanand University  
Rohtak-124001 (Haryana)  
(NAAC Accredited 'A' Grade)

Venue: DDE Hall M.D. University Rohtak

*Funded by*

*University Grants Commission*  
Under  
INNOVATIVE PROGRAM

## ABOUT THE UNIVERSITY & DEPARTMENT

Maharshi Dayanand University, Rohtak was established in 1976 following the passing Act No. 25 of 1975 of the Haryana Legislative Assembly with the objective of promoting interdisciplinary higher education and research in the field of environmental, ecological and life sciences. It was renamed Maharshi Dayanand University in 1977 after the visionary saint Dayanand Saraswati. Department of Genetics was set up as independent department from Biosciences in 2009. Presently, this department is running two M.Sc. and Ph.D. Courses in Genetics and Forensic Science. Department of Genetics is the only department under Faculty of Life Sciences which has been availing the financial assistance from DST under its FIST program and UGC under its SAP (DRS-I) & UGC Innovative program. There are well established laboratories running specializations in DNA forensics, Wildlife forensics, Forensic toxicology, Drosophila Genetics, Plant genetics, Molecular & Cytogenetics, Microbial Genetics, Cancer research, Malarial, and Glaucoma management in the same department.

## OBJECTIVE OF SEMINAR

Forensic science is the application of a broad spectrum of sciences to answer questions of interest to the legal system in relation to criminal and civil cases. This entire investigation is based on the examination of crime scene and associated clue materials called physical evidences. These evidences play an important role in forensic science as it becomes primary tool in the investigation of a crime. Therefore, the theme of this one day National seminar is based on current scenario of various investigative techniques used to analyze forensic evidences, especially of biological in nature such as DNA, hair, bones and blood etc. It is hoped that students would definitely enhance their theoretical as well as practical expertise in the field of DNA forensic, wildlife forensics and Instrumental techniques. Followings will remain the thrust areas of this seminar:

- Instrumental Methods
- Wildlife Forensics
- DNA forensics

## Conference Structure

Conference will have paper presentation including both oral (8-10) and poster sessions (50-60), key note/extension lectures.

## Guidelines for abstract submission

Abstracts (not exceeding 300 words) of original work are invited for Oral/Poster presentations. Abstract and registration form can be sent by email to conference e-mail id [csfitforensic.2017@gmail.com](mailto:csfitforensic.2017@gmail.com)

Include: title, names of all the authors, complete postal address, email address of the corresponding author in the abstract. The name of presenting author should be underlined. Abstract must be formatted in Microsoft Office Word with Times New Roman (font size 12pt with 1.5 spacing).

Last date of abstract Submission : August 17, 2017

### IMPORTANT:

- ✓ Only first 200 participants will be registered for the seminar.
- ✓ Kindly confirm your participation by email up to August 20, 2017.
- ✓ On the spot registration will also remain open between 9:00AM to 9:45AM on the day of seminar.
- ✓ No accommodation will be provided to the participants.
