Apart from it department organizes outreach programmes for the community in order to promote healthy lifestyle and practices among common people and students.

Theme of the Seminar

It is a matter of great pleasure and pride for us to organize a National Seminar on "Implication and Implementation of Intellectual Property Rights in India". IPR is the right of the people over their intellectual creations. Ideas which are abstract representation of

something must be protected once they have been materialized as a result of human intellectual effort. Intellectual Property Rights (IPR) refers to Monopoly protection for creative works such as writing (copyright), inventions (patents), processes (trade secrets) and identifiers (trademarks). IPRs related law and rules are very difficult to understand for common people who are related with various types of business, industries and research. Therefore, this national seminar would be helpful to spread awareness regarding IPR and their related issues among students, researchers, and faculty.

Sub-Themes

The participants, who wish to present their paper, can present at the last interaction session of the seminar. The Organizing Committee welcomes original thematic papers, case studies, surveys, project proposals, Action Plans, Best Practices, etc. relating to, but not limited to the following topics:

- Current emerging trends in Intellectual Property Regime
- Intellectual Property challenges in the all fields
- Intellectual Property & Sustainable Development.
